

2nd ALL AFRICA CLINICAL TRIAL SUMMIT

A strategic model for the future of clinical trial sites in Africa:
A gateway to developing quality management systems

WHO SHOULD ATTEND?
Anyone with an interest in the future of clinical trials in Africa must attend and be a part of this innovative strategy.

16-18 AUGUST 2019

**Wolfson Lecture Theatre, Faculty of Health Sciences
University of Cape Town, SOUTH AFRICA**

PROGRAMME INCLUDES

- What has been accomplished so far? Current state of ethical and Regulatory oversight of clinical trials in Africa.
- Perceived gaps in clinical trial site capabilities and quality management: Investigator, Pharmaceutical and NGO perspectives
- Proposal of an innovative model for certification and strategic oversight of trial sites in Africa.
- Business models for the financial sustainability of trial sites: A UCT Graduate School of Business partnership.

PRIMARY OUTCOME
Development of a strategic model for central co-ordination and oversight of trial site training and development, certification, auditing and marketing.

OPEN INNOVATION WORKSHOPS
Opportunities for delegates to provide essential discussion on the proposed model and the feasibility of individual countries to realistically engage the model.
